

BEARDSTOWN NEARLY ISOLATED FROM THE OUTSIDE WORLD NOW

Water Has Spread Nearly All Over the City—Collapse of Basements Cause Damage to Buildings—Fairbanks Ranch Near Carrollton is Flooded—Ruining All Crops

BEARDSTOWN, Ill., April 13.—Virtually inundated, the city of Beardstown tonight waded thru Illinois river water that had spread over nearly all its streets. Basements everywhere have been abandoned. Pressure on one waterproof basement caused its collapse and the resultant settling of the business building above it. Five business concerns flooded their basements this afternoon to prevent a similar fate. Settling of business buildings and residences has already caused breakage of plate glass show windows, and the straining of door and window frames. This is happening in the very heart of Beardstown. The city's 10,000 population has only one parade ground, the space about the square, which tomorrow may be still further curtailed, as reports here say the water upstream is still promising further high records. Tonight one cannot make the circuit of the public square and keep one's feet out of water.

HOUSE FACTIONS ARE LINED UP ON NAVAL MEASURE

Both Sides Claiming Victory When Final Test Comes

(By The Associated Press) WASHINGTON, April 13.—House factions upholding and opposing the 1923 naval bill with its provision for an enlisted force of 25,000, were lined up tonight for the first shown down probably on Saturday with both sides claiming victory. There was no session today and meanwhile the roundup of members for and against the bill continued. Satisfied the house would stand by it as framed, Chairman Kelley, who is handling the bill, announced that he would not agree to the proposal put forward in some quarters today until after the Easter holidays the vote on an amendment increasing the strength to 8,000. With easy sailing in the early stages the enlisted personnel section out to be reached late tomorrow with enough debate under the five minute rule to prevent the first roll call before adjournment for the night. Mr. Kelley declared the measure would be passed by the house substantially as reported. There were no estimates by members urging 80,000, plus 6,000 apprentice seamen beyond their statement last night that 94 pledges had been obtained.

LIQUOR CHARGE ONLY ONE AGAINST ARBUCKLE

(By The Associated Press) SAN FRANCISCO, April 13.—Nothing but a federal charge of unlawful possession of liquor for which the penalty is only a fine stood tonight against the record of Roscoe Arbuckle who has been facing manslaughter accusations for more than six months. He intends to drive to his Los Angeles home tomorrow. Arbuckle said he had no further plans. He said last night was the first time in seven months he had not tossed with nightmares and that to catch up on sleep was one of his present objects. "I've lost my figure from sitting in that court room," he said. Arbuckle will plead guilty to the liquor charge, according to U. S. District Attorney Williams, but Gavin McNab, Arbuckle's chief counsel, declined to admit it, saying that in ten days he and Mr. Williams would meet to discuss the case. The liquor complaint is an incident growing out of the Labor Day Hotel party which was followed by the death of Mrs. Rappé for which Arbuckle was tried. The maximum penalty involved is a \$500 fine. The remaining manslaughter charge against Arbuckle was dismissed today on motion of district Attorney Brady.

ANNUAL FOOT WASHING IN MADRID Madrid, April 13.—The annual ceremony of foot washing took place today in Columbar Hall of the Palace when King Alfonso and Victoria washed the feet of 12 poor men and women in the presence of Grandaes, members of the diplomatic corps and a large gathering. The poor men and women were given complete outfits of clothing food and wine.

MORE BUSINESS IN GOVERNMENT GETTING RESULTS

Senator Willis Says it is Saving Over \$4,000,000 a Day

(By The Associated Press) NEW YORK, April 13.—Application of business methods to departments of the federal government has resulted in a saving of more than \$4,000,000 a day, Senator Frank B. Willis, of Ohio, stated in an address tonight at the annual dinner of the American Paper and Pulp Association. "More business in government is getting results," he said. "When an eminent political leader said a few years ago that \$300,000,000 per year could be cut out of federal expenses without injury to the service, he was looked upon as a theorist, yet the application of just plain business sense such as you use in your own affairs has brought a saving of public funds five times \$300,000,000 in a year. Government can help business some, but business can help government more." Senator Willis said that expenditures for the first nine months of the present fiscal year to March 31, 1922, amounted to \$2,944,957,846. "I've looked over the entire year," he continued, "this indicates that the government is well within the sum of \$3,968,000,000 which was estimated in December, 1921 as the amount necessary to carry thru the year. Only Government Paying Debts. "Ours is the only important in the world actually living within its income and paying its debts." Senator Willis told the manufacturers that if the pulp and paper business "is permitted to become amputatory it will walk into Canada." "We must keep it at home where it belongs," he continued, "so far as economically possible. Canada is a vigorous, friendly competitor. She can produce mechanical pulp 23 per cent lower and chemical pulp 19 per cent lower than it can be reduced here." Available data show 118 establishments engaged in the manufacture of pulp or paper or both. Senator Willis said with an invested capital \$550,000,000. They employed 9,000 men paid out \$53,000,000 in wages and turned out an annual finished product of \$335,000,000. "It has been asserted," he said, "that it takes approximately two years product to equal the fixed investments. It indicates a very high investment of capital as compared with other industries and contributes one of the serious problems of the business. The turnover is too slow, the dependence on local conditions of timber supplies being a serious problem."

T. N. T. EXPLOSION AT HELPER, UTAH CAUSES DAMAGE

Nine Injured and Buildings in Town Suffer Much Damage

(By The Associated Press) SALT LAKE CITY, Utah, April 13.—Explosion of one and one-half tons of T. N. T. near Helper, Utah, today resulted in the injury of nine persons and damage to buildings in the town. The explosion occurred across the Price river from Helper where state road construction was underway and authorities expressed the opinion that failure to have the T. N. T. properly weighted down prior to letting off was the cause of the blast. Two men employed on the road job were placed under arrest this afternoon, charged with criminal negligence in the handling of explosives. Tons of rocks literally rained upon the town and the majority of the buildings along the main street were damaged by falling missiles. FRENCH REPLY TO LEAGUE INQUIRY Paris, April 13.—The French government replying to the league of nations inquiry relative to disarmament, calls attention to the reduction in the estimates of 1922 as compared with 1920-21. It states that it is unable to assume the obligation not to exceed for the next two fiscal years the sum of the total expenditure for naval, military and air forces provided for in the budget of 1922. CATTLE HAVE BLOOD POISONING Fort Worth, Texas, April 13.—Following heavy rains of last week an epidemic of mysterious blood poisoning has broken out in western Texas cattle herds causing many deaths and resulting in an appeal today to the State Livestock Sanitary commission. Two men have been sent to the affected areas to investigate. It is believed that the cattle have contracted the disease around water holes and tanks.

SENATOR SIMMONS OPENS ATTACK ON THE TARIFF BILL

Characterizes it as Most Un-American Bill Ever Framed

(By The Associated Press) WASHINGTON, April 13.—The Democratic attack on the administration tariff bill was opened today by Senator Simmons of North Carolina, ranking member of the senate finance committee who in a statement characterized it as the most un-American bill ever framed. He predicted that its operation would "penalize our export business which will mean in the end curtailment of production and increase unemployment on the farms, in the mines and in the factories."

Senators of the Republican agricultural tariff bloc had the first of a series of meetings for the consideration of rates in the measure which were fixed by the finance committee majority at figures below those suggested by the bloc. Senator Gooding, chairman said it was the purpose to take up American valuation at the meetings. "There is a strong sentiment in the senate for American valuation," he said, "I do not want to put all our members on record as favoring it but many of them are strongly impressed with the principle. Senator Gooding said it might be difficult to have the valuation basis charged in the senate because of the great task that would be involved in re-writing of all the rates.

MANY HOMES DESTROYED BY FIRE

(By The Associated Press) ORFOLK, April 13.—Nearly 100 homes were destroyed making 500 families homeless, in a disastrous fire which swept across the negro belt of Berkeley a Norfolk suburb late today. The damage is estimated at more than \$1,000,000. Included in the property destroyed were several stores, two negro churches, two river steamers of the Buxton Line, a school, a house boat and a small factory. Hundreds of negroes, men women and children are sleeping tonight in the open air upon beds, mattresses and pieces of bed clothing salvaged from their burning homes. Many have been housed by the city in a negro school building. Preparations have been made to register all refugees throughout the night, so that the city may provide housing and food for them.

CONGRESS MAKES APPROPRIATION FOR FREE SEEDS

Constituents Hope Will Send Out Seeds That Will Grow

(By The Associated Press) WASHINGTON, April 13.—Another of the annual supply bills the agricultural appropriation was passed by the senate today after it had reversed itself and restored the free seeds item for another year. The bill carries approximately \$37,250,000 or about a million and a half more than was passed by the house. The item of \$360,000 for the free distribution of seeds was included in the measure as it passed the house and will not be subject to discussion when the bill is taken up for adjustment of differences between the two houses. The free seed amendment of the appropriations committee was the only one which the senate did not accept. A half dozen amendments were offered by individual senators which served to increase the amount of money set aside for the department of agriculture. Among the principle changes made in the measure by the senate were increases of \$500,000 to the million dollar appropriation for agricultural extension work thru farm agents; \$525,000 to the \$500,000 appropriation for the purchase of additional forest reserves in the Appalachian district and \$300,000 to the \$200,000 for eradication of the barberry bush, the wheat rust pest. An addition of \$75,000 was made to the appropriation of \$175,000 for fighting the white pine blister rust.

SEMENOFF HAS MORE TROUBLES THRUST ON HIM

Surrendered by Bonding Company and Again Sent to Jail

(By The Associated Press) NEW YORK, April 13.—General George Semenov, Altman, was in jail tonight after a day of frantic effort by several lawyers to get a bondsman who would give \$25,000 bail to Sheriff Nagle. Semenov was arrested last week on a civil warrant and freed in jail but his original bondsman refused to continue as surety.

The day had been one of excitement for the general, his assistants and friends. This morning the general went to his lawyer's office for a conference and found there a representative of the surety company which had furnished his bail. He was told that because of the notoriety his case had brought and because company officials thought it unpatriotic to act as bondsmen for a man charged with atrocities against American soldiers, they were going to surrender him at noon.

Just before noon, Colonel George Kroupskey, Semenov's chief aide in Russia and who is now helping him here, was stopped by a policeman and searched. Kroupskey had a revolver and narrowly escaped going to jail himself. He was held until he showed a permit.

M. M. Beecher, counsel for the surety company was at the sheriff's office and after Madame Semenov had counted her chain of pearls and her diamonds which had been held as collateral, he turned the general over to the sheriff.

Meanwhile, the proceedings brought against Semenov by the trustees for the Yurovetsky Home and Foreign Trading company, a bankrupt New York concern were called before Peter B. Olney, referee in bankruptcy and David W. Glazee, a Semenov attorney was compelled to ask an adjournment because Semenov was presented by the sheriff. The hearing will go on tomorrow and General Semenov's presence will be sought.

General Semenov declared that he was guilty of any atrocities in Siberia or anywhere else. "I fought against the Bolsheviks," he said, thru an interpreter, "and I expect my men have gone to excess in some cases, but I never countenanced any such thing and stories that I knowingly permitted my men to attack women or children or shoot American soldiers are foolish."

GOVERNMENT WILL FILE AND PRESS BIG WAR CLAIM

Have Claim of Over Nine Millions Against Motor Company

(By The Associated Press) WASHINGTON, April 13.—The government will proceed in an orderly way to file and press the payment of the claim of the war department against the Lincoln Motors company of Detroit for approximately \$9,118,000 on aviation contracts, Attorney General Daugherty announced today after a meeting with private creditors of the defunct concern, whose claims amount to approximately \$9,000,000.

The matter the attorney general said will promptly reach the federal court where the whole matter of the liability of the parties will be determined. The private creditors were represented by Harold H. Emons of Detroit acting for the Detroit Trust company, receiver. There are about 900 creditors, Mr. Emons said after the meeting and to pay their claims there is available \$5,000,000 out of the \$8,000,000 paid by Henry Ford at a receiver's sale for the property. The other \$3,000,000, he added, represented creditors including labor mortgages and city, state and county taxes.

ONE KILLED BY POWDER EXPLOSION

Charleston, S. C., April 13.—J. H. White, foreman, was killed today in an explosion of 20,000 pounds of black powder in an ammunition salvage magazine near the general ordnance depot at North Charleston. More than fifty box cars were damaged, wreckage was torn up and unoccupied houses in the section were wrecked. The cause of the explosion has not been determined. Several workmen near the magazine are said to have escaped injury.

BEST WAY IN WHICH TO PREVENT CRIME IS BY SEGREGATION

Convicts Tell Committee Investigating the Question—All Are Agreed That the First Offenders and Hardened Criminals Should be Kept Apart—Prompt Trials Too

(By The Associated Press) JOLIET, Ill., April 13.—Segregation of hardened criminals from the first offenders is the best way to reduce crime, convicts in the state penitentiary today declared at a hearing conducted by the law enforcement committee of the American Bar Association to get the criminals' view of the cause of law breaking.

After hearing the prisoners, the committee said its members all agreed with the convicts. John L. Whitman, superintendent of prisons and acting warden at Joliet, announced that the segregation plan would be introduced in the new prison now being conducted at Stateville, one mile from here.

"We have carefully worked out a plan of segregation of old and new offenders and will divide the prisoners into sections under the merit system," he said.

The committee heard from the seven witnesses, stories of organized crime rings, particularly in Chicago, bribery of police officers and of "schools for crime."

One prisoner told of the perfected crime organizations in Chicago which guaranteed to get a man out of any trouble through graft and bribes and explained that had he been able to raise \$600 he could have bribed officials of the state's attorney office and would not now be in the penitentiary for a robbery he committed.

One convict said prohibition increased crimes while another termed the Cook county jail at Chicago the greatest "crime school" in the country. Several explained that the average young first offender is experienced and efficient in crime after serving a sentence with old timers who put him through a course of instruction during the term. Should Have Prompt Trials. It was to avoid this that segregation was urged by the convicts. They also pointed out that a man accused of crime should be brought to trial promptly.

Most of the convicts called before the committee were well educated and unusually intelligent. One was a college man. It was agreed that their names should not be made known. The third convict questioned was a man 45 years old and known nationally as a "confidence expert." He is serving a term of from one to ten years for operating a confidence game.

"Segregation of prisoners in the penitentiaries is advisable," he said. "If you put the first termers in with the long termers and professional criminals you are going to have what will amount to a school in crime." He also urged that the paroled or freed convicts be given a chance following their release. "Packed in 175 barrels, the Scotch arrived at St. John's Park Terminal of the New York Central and there was great activity among an enforcement army detachment lest it go astray. They had been directed to care for it as they would a keg of dynamite in a Seves vase collection.

Carefully it was placed on three motor trucks and upon the top of each load an armed enforcement agent perched himself. Then they started for the pier on a trip requiring ordinarily about 25 minutes. Five hours later the trucks arrived at the pier and a gang of roustabouts was set at work loading the barrels into the ship's hold.

BIRTH CONTROL BUGS ARE INCORPORATED

(By The Associated Press) NEW YORK, April 13.—Supreme Court Justice Bijur today approved the certificate of incorporation of the American Birth Control League which has for its purpose the collection and dissemination of lawful information regarding the political, social and economic facts of uncontrolled procreation.

The incorporators include Margaret Sanger, Richard Billings, Mrs. Pierre Jay Anne Kennedy, Robert M. Lovett, Clara Louise Rowe, Dr. John Vaughn and Dr. Lydia DeVillibus. In approving the application Justice Bijur said: "It is not the province of this court to set itself up as a censor of tastes, social or political of the people. However repugnant to our minds and consciences the Socio program may be we are not to stand in the way of organization to promote its accomplishments, provided only it is clear that the purpose of those organizations is to seek the accomplishment of that program by lawful methods."

The private creditors were represented by Harold H. Emons of Detroit acting for the Detroit Trust company, receiver. There are about 900 creditors, Mr. Emons said after the meeting and to pay their claims there is available \$5,000,000 out of the \$8,000,000 paid by Henry Ford at a receiver's sale for the property. The other \$3,000,000, he added, represented creditors including labor mortgages and city, state and county taxes.

PEORIA SEARCHING FOR MISSING MINISTER

Peoria, Ill., April 13.—Hundreds of Peorians and police of a dozen cities are searching tonight for W. J. Leach, Methodist minister, who has been missing since Wednesday night. The last seen of the minister was at 9 o'clock Wednesday night at the Averyville Methodist church after he had preached a sermon. He told friends at that time he was going home.

WANT ATTORNEYS TO REFUSE CASES

Carruthersville, Mo., April 13.—The Pemiscott county law and order league has obtained signatures of about half the lawyers in the county to pledges to refrain from defending persons charged with violating prohibition law. It was learned today. The other half of the lawyers have refused to sign.

SCOTCH WHISKEY BECOMES ORDINARY STRAWBERRY SODA

Some Sort of Magic Makes it Possible in New York City

(By The Associated Press) NEW YORK, April 13.—Bootlegger magic—the art thru which the nature of spirits is changed—first made whiskey out of furniture polish and hair tonic, but that, comparatively, was a simple bit of legerdemain.

Under the noses of the prohibition enforcement authorities of this city the same magic has caused 6,300 flagons of pure Scotch to become so many puny bottles of strawberry soda pop. Not so simple!

The Scotch—whether it is gone is causing concern among enforcement sleuths—was part of a larger shipment sent from Quebec to this city by railroad to be sent to Havana by steamer. Packed in 175 barrels, the Scotch arrived at St. John's Park Terminal of the New York Central and there was great activity among an enforcement army detachment lest it go astray. They had been directed to care for it as they would a keg of dynamite in a Seves vase collection.

Carefully it was placed on three motor trucks and upon the top of each load an armed enforcement agent perched himself. Then they started for the pier on a trip requiring ordinarily about 25 minutes. Five hours later the trucks arrived at the pier and a gang of roustabouts was set at work loading the barrels into the ship's hold.

"Hey," shouted the boss stevedore, "Go easy with that stuff, it is hooch." When about half of the barrels were aboard, one of the roustabouts loosed his hold on a cask—an accident of course. It crashed to the pier. All hands ceased work and rushed for the broken barrel. A big fellow got his fist in first pulled out a bottle and took a drink. "Ugh!" he gulped. "It's sody pop—strawberry—and as poor as ever I tasted."

His disappointment led to examination of other barrels. All were "sody pop."

The steamer company cancelled the consignment and the steamer Mexico sailed today Sans Scotch, Sans Sodawater.

The three agents who guarded the shipment from railroad terminal to pier have been suspended. Other agents for some strange reasons stand guard over the strawberry beverage cargo that lies unclaimed on the pier.

A wet congressman was nominated over a dry in the Peoria district. This shouldn't be heralded as a slump in prohibition sentiment. What else was to be expected in the Peoria district?

Well, at any rate it's fine to have the Arkubke case settled, with no further need for again detailing the sordid affair in the newspapers.

Four women were elected members of the Cook county board of commissioners. Perhaps the clean up of Cook county and Chicago politics can come thru the influence of women. It remains to be seen for the task is large.

"Propaganda" is a wonderful thing. Witness the case of spinach. A few years ago somebody started the truthful story about the dietary value of spinach and last year the records show that 4,700 car loads of this vegetable were shipped to market in the U. S. The people were educated, much to their own advantage and incidentally to the advantage of the spinach growers.

There doesn't seem to be any immediate danger of suffering for the lack of fuel. A wholesale concern in Pennsylvania is flooding mails of Illinois and Indiana with the statement that it has 25,000 tons available for daily distribution. With consumption at its present stage, 25,000 tons daily will cover a good deal of territory.

Clean up week is at hand. Just remember that when you do something to join in this good movement and brighten up or clean up your property, you are benefitting yourself most of all. Help yourself and you will be aiding in this campaign for the public welfare. So for selfish and unselfish reasons "clean up."

In all the Beardstown flood pictures now displayed in Jacksonville in which the residents themselves appear it's a remarkable fact that they are all smiling. Now

in the ordinary flood pictures the people to be seen are classed as "refugees" and their appearance is always forlorn and their expression woe-begone. Nothing of the kind applies to the Beardstownites, and they are evidently following the motto "Keep smiling" to the very limit.  
No frantic appeals have been sent out for aid from the public, and in various other ways the residents of this river town are showing their self-sufficiency and self-control. The ability to make the best of an uncomfortable situation is a great asset and Beardstown has a right to be proud of the spirit it is showing in the midst of misfortune.

MARKETS ARE LOOKING UP

The corner seems to be turned and we are on an upward swing if the last two months' advance in hogs, corn and wheat is a reliable criterion. What does the future have in store in the way of markets? It is inevitable that the present situation will bring about an overproduction in hogs; it always has and probably always will. The law of inertia makes folks think that present conditions will continue to govern. The man with a pork factory on his farm now is in clover; next fall the clover will not be quite so deep. If the weather man gets a little grouchy on this summer and withholds rain, the clover will be shorter yet. Pork will not be so profitable next winter as it has been this winter. Higher priced feed and bigger flocks will keep the supply more nearly equal to demand. Beef cattle show signs of coming back on the back side of the ledger.

A stable agriculture can only be brought about by every farmer getting down to brass tacks and determining upon a course to pursue—one that fits his inclination, his location, his soil and his family. If we can ever approach that happy ideal we shall have, partially at least, done away with rapidly fluctuating markets. They come about largely from folks trying to flop from one side to another.

Given a group of farmers who do not vary their flocks much from year to year, who keep about the same number of brood sows one year with another, who feed about the same number of cattle each season and who raise legumes on one-fourth of the farm's acreage, we won't have much market heaving because the supply will not be materially different. If greedy men would let supply and demand govern, the markets would soon get over their St. Vitus dance.—Farm Life.

RESULTS OF THE PRIMARIES

(The Springfield Journal)  
Accustomed as Sangamon county voters are to bitter warfare in the party primaries, they were not prepared in advance for the

extremities to which candidates resorted in their personal attacks upon each other in the contest just closed. But now the warfare is over and calm has succeeded strife in party lines. The majority party has a ticket on its hands and it will need the active assistance of the defeated participants to win in the approaching election.

Naturally, the contest centered about the candidacy of Dr. John A. Wheeler, who led the state administration forces. Under ordinary circumstances Doctor Wheeler's nomination would have been looked upon in a different light by the voters. Favored in previous campaigns as their champion by the Anti-Saloon league and other reform organizations, Doctor Wheeler was backed again by these powerful influences and given most active support by them. It was not sufficient, however, to overcome the sentiment in this senatorial district against the state administration, of which Doctor Wheeler was made the special target. He is the only primary candidate supported by The State Journal who was not chosen by a handsome majority.

That Wheeler's defeat is not due to the votes of the vicious elements is revealed in the big plurality with which Doctor Rogers was nominated for representative. The pleas of the reform speakers for the nomination of Doctor Wheeler, because of his well-known law enforcement policies, fell upon deaf ears. At the same time voters chose a law enforcement candidate, offered by the opposing faction in the person of Doctor Rogers, giving him a phenomenal vote.

Most of the successful candidates in Tuesday's primary were standing for re-election and the large majority given them must be regarded as a vote for confidence and approval of their records as public officials.

HAROLD S. HOLLER  
ARRESTED HERE ON  
CHARGE OF MURDER

Charged With Slaying Gambler in Louisville in 1920

Harold S. Holler of 230 West Greenwood avenue was placed under arrest here yesterday charged with the slaying of Frank T. Straley, a Louisville gambler in that city, September 23, 1920. He will be taken to Louisville this morning by officers of that place to face the charge.

Several days ago Chief of Detectives W. H. DeForest of Louisville accompanied by two newspapermen, Edgar E. Chambers of the Evening Post and Porter Lee, of the Times, arrived here. Their arrival was unheralded and they registered at the Hotel Douglas. Detective DeForest remained under cover while Chambers and Lee drifted about town making inquiries. They soon located Holler who has been in the employ of the Rothchild Clothing company at the corner of West and North streets. When they had all in readiness Mr. DeForest made himself known to Chief Kiloran and the chief, Patrolman McGinnis and Desk Sergeant Casey made the arrest at the Rothchild factory.

According to the story told by Detective DeForest and the newspapermen, Holler is accused of shooting Straley on the front porch of his residence in Louisville, about 1:30 o'clock on the morning of September 22, 1920. Straley had been in Jeffersonville, Ind., the night before banking a game and it is said he had over \$1,000 on his person.

Attacked at His Home.  
He returned from Jeffersonville in his car and was in the act of unlocking the front door when he was attacked and knocked down. He drew his revolver and while prostrate fired at his assailant. The robbery also started shooting, one bullet striking Straley and lodging at the base of the brain.

Straley was rushed to a hospital and every effort made to save his life. An officer remained with him constantly in the hope that he might be able to give some clue to his assailants. However, he died without regaining consciousness.

The driver of Straley's car was only a short distance away at the time having gone to take the car to a garage. He claims to have seen two men running from the scene of the shooting. Without clues the police worked in the dark for several months. It began to look as tho the Straley killing would be filed with the unsolved mysteries.

Finally, according to Chief DeForest, a taxi driver of Louisville went to the authorities and said he wanted to clear his conscience and is alleged to have told that he had driven Holler and another man whose identity has not been made known, to the scene of the holdup and shooting. Holler, who is 23 years of age, is the son of W. H. Holler of West Greenwood avenue and the family is one highly respected in this city. He enlisted in the United States army at the age of 19 years and was discharged from the service in 1920.

He denies having anything to do with the killing of Straley. He says he knew Straley and the taxi driver as well but that as to the murder itself he had no knowledge aside from what he read in the papers. Holler claims to have had a bank account at the time Straley was killed of \$2,000.

He also stated that in his opinion the taxi driver had gotten into some trouble and in order to gain clemency he had made the statement in relation to the Straley mystery.

Captain E. W. Sweeney of the Louisville police force also accompanied the others to Illinois and went to Springfield where Governor Small honored a requisition for the return of Holler to Kentucky for trial.

The many friends of the family and of young Holler will hope that he may be able to clear himself of this serious charge.

DARIUS BROWN TO  
MAKE ADDRESSES HERE

Comes as Representative of James Davis, Secretary of Labor—Will Be Heard by Several Jacksonville Audiences April 20th.

On Thursday, April 20, the citizens of Jacksonville and vicinity will be afforded an opportunity to hear a stirring and timely address by the Hon. Darius A. Brown, past supreme dictator of the Loyal Order of Moose and former mayor of Kansas City. Mr. Brown's subject will be "Men and Women of Tomorrow."

Arrangements were made for Mr. Brown's appearance in this city at a recent meeting of the local lodge when Deputy Supreme Dictator Hasey, of Mooseheart, was in the city.

As now planned Mr. Brown will speak in the morning at the High School, at the Kiwanis club meeting at noon, at the Rount college in the afternoon, and in the evening at a mass meeting. It has not been decided where the mass meeting will be held, but due notice of this will be given the public.

Mr. Brown comes to the city as the personal representative of the Secretary of Labor, James J. Davis, supreme dictator of the Order of Moose.

The message which Mr. Brown has for his hearers is one that has been delivered in recent weeks to more than nine hundred audiences from church pulpits of all denominations, to schools, colleges and under the auspices of various civic bodies. He is said to be a strong and forceful speaker and one that it is a delight to hear, and his treatment of the subject taken has been praised and commended by U. S. senators, governors, ministers, college presidents and persons in all walks of life.

The committee appointed by the local Moose lodge to carry out the details of Mr. Brown's visit to the city are J. R. Reynolds, Lloyd Reid, D. Scott Sweeney and E. A. Olds.

**Looked at My Watch, Thought It Right, But It Wasn't.**

An unreliable watch is bad as an unreliable person, but often it is not the fault of the watch—it's a perfectly good watch, but been neglected and the only way to get your attention to the fact was to cause you to "miss the train," or an engagement.

Frequently all that is necessary, if taken in time, is a trifling adjustment of some delicate part, a bit of oil, or the removal of a tiny speck of dust that has forced its way inside.

Let our Watch Expert look at your watch, if it's running a little irregularly—perhaps only a minor adjustment is needed. Any way, treat it right—have it cleaned, oiled, adjusted, and it will be fair with you.

## MANCHESTER JUNIORS ENTERTAIN SENIORS

Banquet Given for Senior Class at Walker Home Wednesday Evening—Other News From Manchester.

Manchester, April 13.—The juniors of the high school entertained the senior class members at a banquet Wednesday evening at the home of Edward Walker. There were sixteen guests present, including the teachers of the two classes and a very delightful evening was spent.

The dining room was decorated in green and white, the senior colors, while in the living room the predominating tones were green and gold, the junior class colors. Following the serving of the banquet came an informal program in which most of those present participated. The banquet was a splendid one and included the following: orange ice, baked chicken, dressing, gravy, mashed potatoes, pickles, butterflied salad, ice cream, cake, nuts and mints.

**News Notes.**

Ralph Carlson of Roodhouse has completed the papering of the Christian church. The ladies of the church met Thursday afternoon to clean the church in readiness for Easter services, and the room now presents a very attractive appearance.

Mrs. Edward Hayes was taken to Passavant hospital for treatment Monday. She has been ill for a number of months past and her friends are hoping that the hospital treatment will result in a speedy improvement.

Bodie Greenwalt spent Thursday in Pearl.

Mr. and Mrs. John Blakeman and family went to Jacksonville Thursday to attend the birthday celebration of Mrs. Blakeman's mother, Mrs. D. C. Arnold.

**SERVICE STAR LEGION MEETS.**

The regular meeting of the Service Star Legion was held Thursday afternoon at the home of Mrs. J. A. Paschall, 345 West College avenue. There was a very large attendance and the president, Mrs. Frances Brown, presided.

After the usual opening exercises, Mrs. James Mahon, accompanied by Mrs. J. Edgar Martin, sang most beautifully two Japanese songs, "The Japanese Sandman" and "The Japanese Lover", very appropriate selections for the Japanese program of the afternoon.

The Service Star legion is to co-operate with the American Legion in the selling of memorial poppies, Elmer Henderson, commander of the local Legion post, gladly accepting the offer of the Service Star Legion to assist. The following resolutions were unanimously adopted: Whereas, the American Legion of the U. S. has been given the exclusive right to sell the poppies, consecrated as the memorial flower of the American Legion, and whereas no individual or other organization of any kind can engage in selling these memorial poppies, therefore be it resolved that the Service Star chapter of the American division co-operate with the American Legion post in selling these memorial poppies this year. Mrs. Carrell and Mrs. Bland composed the committee on resolutions.

Mrs. Byron Gailley had graciously consented to speak of her travels through the Orient, including Japan, the Philippines, Hawaii, China and Korea. To the group of ladies Thursday afternoon it was a most interesting travelogue. Details were given in full of the home life, dress and customs of these peoples, and many amusing incidents aboard ship, on trains, sedans and jinrikishas were related.

The program closed with the Mizpah benediction. A social

hour followed the program and the afternoon as a whole was a very pleasant one.

CHAMPION SLEEPER DIES AT FORT SMITH

(By The Associated Press) FORT SMITH, Ark., April 13.—Medical experts from the United States and European countries who visited Jim Eslinger, the world's champion sleeper, before his death today after a three year's nap announce they were at a loss to account for his malady and physicians state that his death came as the result of refusing to take nourishment.

Eslinger remained in a comatose for a full week and resisted all efforts to feed him.

For more than three weeks he remained in a stupor and for the other five in which he was a county charge he slept possibly three years. Eslinger slept for six months without uttering a sound his breathing denoting that he was alive. He was brought to the hospital suffering from an attack of pellagra.

Physicians and scientists assert that while there are other cases on record similar to Eslinger's none ever lived more than a few weeks or at least two months. They assert that his case was not what is called "sleeping sickness," but that he was mentally paralyzed.

HERE IS MESSAGE FROM SPIRIT WORLD

(By The Associated Press) CHICAGO, April 13.—There is no sleep in the spirit world and there is no escape from hard work, according to speakers before the twenty fourth annual convention of the Illinois State Spiritualists association today.

"Over there," said Mrs. Maggie Waite, who claimed 32 years experience in spiritualism, "the spirits work as they work here. They have merely advanced to a higher plane, the highest of which—bringing complete happiness—is the seventh."

Husbands and wives are joined in the spirit world if they have been spiritual mates, Mrs. Waite said. In case a man had two or more wives on earth she explained, the spiritual mate becomes the spirit wife. The others, she said existed in a sort of "sisterly affection."

PRE-EASTER MEETING WILL CLOSE TONIGHT

CONFERENCE TO BRING ABOUT TRANQUILITY

Dublin Mayor Calls Meeting At Mansion House Thursday

(By The Associated Press) DUBLIN, April 13.—The conference called by Lord Mayor O'Neill in an endeavor to bring about tranquility between the adherents of the free state and the followers of Eamonn DeValera met today in the drawing room of Mansion House, where Michael Collins, Arthur Griffith and De Valera once met as comrades in the old Dail Eireann cabinet. No agreement was arrived at during the session and an adjournment was taken until next Wednesday. An official statement issued this evening which announced that all those who had been invited by Lord Mayor O'Neill were present concluded that "it is the earnest wish of all the parties to the conference that there should be no interference with public meetings."

The delegates were greeted enthusiastically by their respective supporters.

Those present were Arthur Griffith and Michael Collins for the provisional free state government; Eamonn DeValera and Charles Bruggess for the Republicans; Archbishop Byrne of Dublin; Stephen O'Mara, Lord Mayor of Limerick, and Lord Mayor O'Neill.

LEWIS DEFEATS EARL CADDOCK

WICHITA, Kans., April 13.—Ed (Strangler) Lewis, world's champion wrestler successfully defended his title tonight by throwing Earl Caddock, of Iowa two falls out of three. Caddock took the first fall in sixteen minutes with a head scissors; Lewis took the second with a series of head locks in 35 minutes and the third in eight minutes with a head lock.

Caddock electrified the large crowd fans present by taking the first fall in a sudden and dramatic fashion. After 15 minutes of wrestling, Lewis clamped on a headlock and started to apply the pressure. The speedy Iowan slipped from the hold and before the crowd knew what was coming had applied a head scissors on Lewis, which won him the first fall.

The champion then watched his opponent and when the time came put on the inevitable headlock. The second fall came in 43 minutes with the headlock and the third in eight minutes with the same hold.

TREE PLANTING AT SCHOOL FOR DEAF

Pupils Observe Arbor Day With Appropriate Ceremonies—Program is Given.

The students at the School for the Deaf observed Arbor Day appropriately yesterday morning by planting two trees on the campus. An elm was planted by the Freshman class of the High School, while the members of class No. 7 planted a tree in memory of their classmate, Glenn Mennen, who passed away during this term.

The following program was held in the auditorium of the school, preceding the tree planting, by the principal, Professor Putman.

Prayer—Prof. Putman.  
"Arbor Day"—Ralph Miller and Henry Yates.  
"Our Class Tree"—Mry Adeox and Helen Semtewer.  
Poem, "Our Trees"—Members of Class 9.  
Memorial—William Krallmon and Members of Class 7.  
Remarks—Prof. Putman.

MONEY WASTED IN IMPROPER PLANTING.

AURORA, Ill.—Thousands of dollars are wasted annually by improper tree planting, says a bulletin from the Illinois State Nurserymen's association. "You cannot expect trees to grow when improperly planted," says the bulletin. "Make big holes, do not plant too deep; cover all roots; pack earth tight about the roots; cut the top back severely. Plant carefully and expect your tree to live; plant carelessly and your tree usually will die. "After trees are planted do not forget them. Cultivate just like a vegetable garden. A little thought put into your tree culture will save thousands of dollars and make Illinois a better place in which to live."

Miss Alice Carter went to St. Louis yesterday to spend the Easter vacation visiting her sister, Mrs. Edgar Decker.

CASS COUNTY JAIL BREAKER CAPTURED

Sheriff Farrar Here Last Night With Dallas Riggs—Was Captured in Hannibal, Mo.

Sheriff Farrar of Cass county, stopped in Jacksonville last night enroute from Hannibal, Mo., to Virginia, with Dallas Riggs a prisoner who broke jail several months ago.

Riggs was one of the trio of prisoner who engaged in a hot battle with Sheriff Farrar in which one of the men a prisoner named Erickson was killed, Riggs and a prisoner named Spencer escaped.

On the day of the escape the men called Sheriff Farrar to get them some water. When he entered the cell room the men attacked him. He was forced into a cell but had a small calibre automatic on his person. He opened fire on the men before they could lock the cell door. Erickson was killed almost instantly and it was thought that Spencer was also struck with a bullet but in company with Riggs he rushed from the jail and made his escape.

According to Riggs, he and Spencer hid in a barn near Arenville all the day following the escape. They were in Arenville the following night and ate in a luncheon room there. It was at Arenville also that they got two caps from a farmer's wife, telling her they were kicked off a train and their caps taken.

They caught a south bound coal drag and at Concord talked with people who searched the train. However, the searchers were looking for two men, one of whom was supposed to be badly wounded, and they were not suspected of being the jail breakers.

Riggs said they went from Concord to White Hall. From that place to St. Louis and then to Kansas City. Here Riggs left Spencer and went to Hannibal, Mo., which is his home. He is thought to know where Spencer is located but so far has refused to tell. However, he told Sheriff Farrar that Spencer is not the name of his companion but only an alias. Riggs and Spencer were being held in Cass county on the charge of stealing an automobile.

Sheriff Farrar turned Riggs over to the police on his arrival here and he was locked in the police station for safe keeping until this morning when Sheriff Farrar took him to Virginia.

WALPOLE ISLAND ONE OF LONELIEST SPOTS

Has Been Submerged in Pacific at Least Six Times — Believed to Have Had Prehistoric Habitation.

SYDNEY, N. S. W. —A description of what is believed to be one of the most peculiar islands in the world and one of the loneliest spots in the Pacific, Walpole Island, which has been submerged by the ocean at least six times from all indications was given here recently by A. C. Mackay, F. R. G. S., representative of the Austrian Guano company on the island. Walpole is about 150 miles east by south of Noumea and contains great deposits of guano. With Surprise Island and the Chesterfield group, it is leased by the Australian government. It is a limestone table, 230 feet from the ocean accessible at only one spot, at a break in the cliffs where steps have been cut.

Mackay said that there were remarkable clear indications on the cliffs of successive water levels and that pumice, coral and other shells on this curiosity raised platform showed that at least six times it must have been at or under sea level. Many traces of ancient human habitation were found in the form of walls, obviously built by man, columns of coral eight and nine feet high, large tombs clam-shell bladed instruments, several specimens of which Mackay has presented to the Australian museum. Fresh water supplies were discovered in two caves. Mackay expressed the opinion that formerly there was a much greater land surface than at present.

"I found undoubted signs of prehistoric habitation," he said. "I also found in places, where the guano cements on to the coral, the remains of the horned turtle which I am informed have been found nowhere else except in South American and Lord Howe island."

Mackay said that probably the former inhabitants had escaped in boats when the ocean rose and submerged the island or that they had been drowned in the rising tide. The present population of the island consists of six white men 30 Japanese and about 100 Loyal islanders. The singing of these islanders serves to make life less monotonous than it would be otherwise, Mackay said. Poultry and goats are raised for food while vegetables and fruits grow luxuriantly, tomatoes growing as large as two and one half pounds in weight. Cricket and fishing are the main diversions of the residents. On Sunday the Loyal islanders hold two church services which the whole population attend he said.

CANADIAN PHASE OF STILLMAN CASE ENDS

MONTREAL, April 13.—The Canadian phase of the suit of James A. Stillman, New York banker to divorce Mrs. Ann U. Stillman and disown little Guy Stillman, ended today in the trial before Commissioner Godeau. Only one witness was called today by the plaintiff. The witness, Tow Gay, constable of Three Rivers, Quebec, was understood to have testified that Lizzie Wilson, of Three Rivers signed in his presence a statement that she never had misconducted herself, with Fred Beauvais, Indian guide named as co-respondent by Mr. Stillman.

Yesterday the Wilson girl swore

that a Canadian attorney representing the banker had told her that if she had not seen Mrs. Stillman acting improperly with Beauvais then it was Lizzie herself that had misbehaved with the guide. The case now shifts to the United States.

### DEMOCRATS NOMINATE WRIGHT FOR SHERIFF

Canvass of Election Returns Gives  
Him Majority of Six Over John  
T. Roach—Totals for All Offices  
are Given—Board Completes  
Work at Night Session.

The election board summoned  
by County Clerk Riggs be-  
gan work early Thursday morn-  
ing. The board included Squire  
Murphy of Concord, Squire Aris-  
man of Jacksonville and County  
Clerk Riggs. The work was push-  
ed all thru the daytime hours and  
was completed about 9 o'clock at  
night.

The official canvass revealed  
the nomination of Over Wright as  
the Democratic candidate for sher-  
iff. Mr. Wright won over his op-  
ponent John T. Roach, by six  
votes. These candidates were  
tied by the unofficial returns.

Some other slight changes are  
shown by the final figures. The  
official totals, together with the  
names of members of the Republi-  
can and Democratic central com-  
mittees are given below:

That more than usual interest  
was taken in the primary was  
shown by the fact that 9,718 votes  
were cast. In the presidential  
election in November, 1920, the  
total number of votes was 13,254.  
So it is seen that in Tuesday's  
primary the total vote was only  
3,560 less than in the presiden-  
tial election at a time the vote was  
unusually heavy.

## SEWER COMMITTEE TO CONTINUE IT'S WORK

This Request Made by Chamber of Commerce Directors—Will Protest Proposed Cut in C. P. & St. L. Service — Transportation Meeting Next Thursday.

Representatives of the sewer committee met with the directors of the chamber of commerce Thursday night. After an extended conference the directors expressed their appreciation for the painstaking work done by the committee asked that some further work be done and that a definite recommendation be made by the committee as to whether the question of the formation of a sanitary district should be submitted to the people at a comparatively early date or at some later time.

Members of the board of directors present included President R. Y. Rowe, John W. Merrigan, H. M. Capps, John S. Hackett, Henry Frisch, T. A. Chapin and Secretary Welch. The representatives of the sewer committee were J. F. Claus, H. L. Caldwell and Albert C. Metcalf.

The secretary read a notice from the Illinois commerce commission with reference to the hearing on the application of the C. P. & St. Louis railroad for authority to discontinue certain trains. This hearing will be held next Tuesday, April 18. A letter was also read from the Waverly commercial club asking that a representative be sent to Springfield today for a conference with business men from various cities and towns along the C. P. & St. L. with reference to the proper action to be taken. Charles J. Buhner and possibly other members of the transportation committee will go to Springfield today and also attend the hearing next Tuesday.

## THE PLANS ARE RAPIDLY SHAPING FOR THE TRANSPORTATION MEETING TO BE HELD NEXT THURSDAY EVENING. REPRESENTATIVES FROM A NUMBER OF THE RAILROADS WILL BE HERE TO TALK OVER PROBLEMS RELATING TO BOTH PASSENGER AND FREIGHT SERVICE IN JACKSONVILLE.

The plans are rapidly shaping for the transportation meeting to be held next Thursday evening. Representatives from a number of the railroads will be here to talk over problems relating to both passenger and freight service in Jacksonville.

Preliminary arrangements were made for the annual election of directors which is to occur soon. According to the by-laws the balloting will be by mail. Twelve names will be selected on the first ballot and on the second ballot six directors are to be chosen to serve for a period of two years.

A communication was read from the American City Bureau with reference to a day membership campaign which is to be put on some time in May. A number of other matters relative to organization affairs were discussed and the directors adjourned at 10 o'clock.

## ORGANIZE LOCAL INSURANCE SOCIETY

The Morgan-Scott Mutual Benefit association has recently been organized with H. A. Schattgen as the secretary and general manager. This is a mutual insurance organization in which each member agrees to pay \$1 upon the death of each member of the association.

The local officers are: President—W. W. Gillham. Vice president—W. E. Spooner. Trustees—Lloyd W. Hamilton and W. B. Rogers.

Greene county has had such an association for a year or two past, organized under Mr. Schattgen's direction.

## KIWANIANS HEARD STATE EXPERT TALK

Dr. Herman M. Adler of Chicago State Criminologist Discusses Crime at Kiwanis Luncheon Thursday.

At the weekly luncheon of the Kiwanis club held Thursday at noon at the Peacock Inn, the principal address was made by Dr. Herman M. Adler of Chicago, state criminologist. The attendance prizes for the day were awarded to Dr. W. L. Frank and Hugh Breeden.

A pleasing feature of the program was a group of violin selections given by Miss Helen Sorrells, with Willard Wesner as accompanist.

President F. E. Farrell introduced as the chairman of the day's program, Dr. W. L. Frank, and the latter introduced Col. O. C. Smith, superintendent of the State School for the Deaf. Col. Smith extended greetings from the local Rotary club and made brief remarks.

Dr. Frank then introduced Dr. Adler, who announced that his address would be upon the theme, "Crime." The speaker first dwelt upon the prevalence of crime in the larger cities of the country, and pointed out the necessity of bringing about a change in this regard. He said that it is of vital interest to every community to aid in this task of reducing crime.

One remedy brought forth by some reformers is the placing of all delinquents and criminals in institutions where they could be properly segregated. Another theory advanced is the severe treatment of criminals. These methods for the reduction of crime, the speaker said, are totally inadequate and the situation is one which will not be materially benefitted by the application of either.

Environment as a contributing cause to crime was one of the facts emphasized by the speaker. He declared that if the children of the crowded tenement districts could be removed to more suitable quarters that there would be a great lessening in crime and these children be reared to a useful manhood and womanhood.

Dr. Adler is criminologist for the state department of public health and has spent years in the study of crime and its contributing causes. His address yesterday was heard with great interest by the Kiwanians.

## LARGE GREEN COUNTY AREA UNDER WATER

WHITE HALL, April 13.—The Illinois river stage at Grand Pass has been on a stand for the 24 hours ending at 8 a. m. today, the stage being 21 feet, 2 inches. The crest at Grand Pass was 21 feet 5 inches, there being a fall on Tuesday, accounted for in part by the breaking of the Fairbanks levee at the lower end of the river front in Green county, which inundated more than 10,000 acres. There is a big head of water yet to arrive, however, the crest at Peoria not expected to be reached before Friday.

## Social Events

### Hostess to Westminster Aid

The Ladies Aid society of Westminster church met yesterday afternoon at the home of Mrs. J. W. Walton on West State street. The afternoon was given to Bible study and Mrs. Thomas Smith had charge of the program. Miss Adelaide McCune has been leading a course of study on the Gospel of St. Mark but she was unable to be present yesterday on account of illness. Seven different members of the society gave portions of the last six chapters in the book and the general discussion was led by Mrs. Smith. At the close of the study a pleasant social hour was enjoyed and the hostess passed attractive refreshments.

### Hostess to Card Club

Mrs. L. F. Randall was the hostess to the members of the Thursday Card Club yesterday afternoon at her home on Westminster street. The usual three tables of cards were made up and the hour delightfully spent with playing. An attractive luncheon was served late in the afternoon.

### Young Woman's Fellowship Circle Met

The young woman's Fellowship of Grace church met last evening in the church parlors for the monthly meeting. An attractive picnic lunch was served at six o'clock and the serving of the menu was in charge of Miss Paulina Tull and Miss Saralee Rule. After supper the following program was given and Miss Letha Groves, president of the circle presided during the evening. Miss Margaret Marshall opened the program with the devotional services, and Miss Grace Rexroat spoke on "How do we get the Missionary Dollar?" Miss Elva Osborne gave a short talk on the subject "Item on Christian Stewardship." "The Golden Rule in business," was the topic of Miss Frances Griswold's talk and Reverend T. H. Tull, led the discussion of the lesson in the text book, "Young America at the Cross Roads."

### Mound Woman's Club Met At Ranson Home

The Mound Woman's Country Club met yesterday afternoon at the home of Mrs. Fred O. Ranson. The assistant hostesses for the day were Mrs. Denby Killam, Mrs. Winfield Scott and Mrs. John Clary. The first paper on the program was given by Mrs. James E. Caldwell who spoke on "Our Island Possessions." The members answered roll call with the name of some product of our island possessions and the remainder of the program was given over to some musical numbers. Table talks occasioned much merriment when the ladies told April Fool stories. The Ranson home was attractively decorated with spring flowers and at the close of the afternoon delicious refreshments were served.

### Life of Andrew Carnegie At Fortnightly Club

The Fortnightly met yesterday afternoon at the home of Miss Fannie Wakely on South Main street. The program was in charge of Miss Josephine Morey who gave an interesting review of the "Autobiography of Andrew Carnegie." Miss Anne Stevenson assisted in giving the program. At the close of the afternoon the hostess served attractive refreshments.

### Entertains For Guest

Miss Eleanor Masters entertained informally at cards yesterday afternoon at her home on South Main street in honor of Miss Elizabeth Ornduff of Ann Arbor, Mich., who is a guest at the Masters home. Miss Ornduff was a class mate of Miss Master's at Chevy Chase. Two tables of bridge were made up and the time delightfully spent in playing. Attractive refreshments were served at the close of the afternoon.

### Marys and Marthas Entertained Yesterday

Mrs. S. W. Black entertained the members of the Mary and Martha Class of Grace church yesterday afternoon at her home on West College avenue. The affair was the annual birthday party of the class and a large number of the members were present. During the afternoon an informal program was given and Miss Buelah Tull sang a group of songs. The affair was an Easter Party and the clever games planned by the hostess were in keeping with the occasion. Pretty favors were given to the guests and the hostess served an attractive luncheon during the afternoon.

### Mrs. Arnold Celebrates Birthday.

Thursday was the seventy-second birthday of Mrs. D. C. Arnold residing on Grand avenue, and the occasion was pleasantly observed. At noon a sumptuous dinner was served and later came several hours spent with music and conversation. Among those present were Mr. and Mrs. John Blake-man and children of Manchester; Mr. and Mrs. Gottfried Tendick; Mrs. Sue McFadden and Mrs. Mary Souden.

### Ladies of Unity Church Woodson Met Thursday.

The Ladies of the Unity Presbyterian church of Woodson, met at the church Thursday afternoon. After the devotional services were concluded, the plans for the market, which is to be held at Dorward's Meat market in Jacksonville were made. Mrs. Powell read a report on the missionary conference, which was held in Mason City recently, she being the delegate.

Special meetings are being held

each evening at the Unity Presbyterian church of Woodson. The service Friday evening will commence at 7 o'clock instead of 7:30. A special feature of the meetings is a glass electrically lighted, three foot cross, which is illumined during the song service.

## WEDDINGS

### Raines-Hodgson.

The marriage of Curtis E. Raines and Mrs. Virginia Hodgson was solemnized Monday April 10, by Rev. C. D. Robertson at his home on East State street. The bride and groom were attended by Mr. and Mrs. Alvin Ahlquist.

Both Mr. and Mrs. Raines have been employed at Jacksonville State Hospital for some months past. The bride formerly resided in Springfield, while the groom's former home was White Hall.

### Raines-Hodgson

The marriage of Curtis E. Raines and Mrs. Virginia Hodgson, was solemnized Monday, at the residence of Rev. C. D. Robertson, pastor of the Centenary M. E. church, who performed the ceremony. They were attended by Mr. and Mrs. Alvin Ahlquist, who were married a few days ago.

The bride formerly resided at Springfield, the groom coming from White Hall. They are both employed at the Jacksonville State Hospital.

### Winn-Lawson

The marriage of Miss Anna Lawson of this city and formerly of Roodhouse, to James A. Winn of Gratiot, Wis., took place recently at Rockford. The ceremony was performed by Rev. G. A. Sheets, pastor of the First Baptist church of Rockford, and was witnessed by a small company of friends of the young people.

The bride is a daughter of Mr. and Mrs. James Lawson of Roodhouse, and for the past two years has been employed by Swift & Co., in this city. While here she made her home with her uncle and aunt, Mr. and Mrs. James Harney at 847 South Clay avenue.

Mr. Winn is the son of Mr. and Mrs. Jacob Winn of Gratiot, Wis. He is a young man of fine character and for the past few years has been engaged in farming.

Following the ceremony the bride and groom visited relatives at Freeport, Ill., and later at Chicago and Jacksonville, Wis. They will make their home on a farm near Gratiot, Wis., and begin their married life under very happy circumstances.

### ARBOR DAY AT SCHOOL FOR DEAF

Arbor day was observed fittingly Thursday morning at the State School for the Deaf. The following program was given by members of the freshman class under the direction of Miss Catherine Wood, who is the class officer.

Prayer—Prof Putnam. "Arbor Day"—Ralph Miller and Henry Yates.

"Our Class Tree"—Mary Adcox and Helen Steinyer. Poem, "Our Trees"—Members of Class Nine.

Memorial—William Krallman and members of Class Seven. Remarks by Prof. Putnam.

After the program the entire student body assembled on the front lawn and witnessed the planting of two elm trees. One was the class tree and the other in memory of Glean Mannen, whose death occurred at the school during the Christmas holidays.

### YATESVILLE

## DR. SEARS DISCUSSES INTERESTING SUBJECT

Takes Subject of One of His Lectures, "Praise Others" as Text of Sermon—Audience Found Much of Value in Address.

Dr. Sears came before his audience as usual with a smile, he always smiles whether it rains or the sun shines. He took for his subject one of his lectures that he has given all over the United States—"Praise Others." He changed his subject because the great majority present were Christians and the subject he had announced was not suitable for Christians. He will speak tonight on the "Three Men he had met in Jacksonville." A special invitation is given to all who are not Christians to hear Dr. Sears tonight.

Dr. Sears said that we ought to praise each other a great deal more than we do. There is something good in every life if we will take pains to find it. We play too much on the broken strings of life and not enough upon the unbroken strings. We will find pretty nearly what we hunt for, look for good and you will find it and it will do you good, hunt for the bad and you will find it and it will do you harm. Be happy and make others happy.

You will not find the greatest happiness in the finest homes every time. Happiness is in the heart.

Too many preachers are preaching a discouraging gospel, they say that the world is going to the devil, and the church has lost its power. It is not true, there never was a time when there were as many good people in the world as now. Righteousness will triumph. God is in the world, and His Son still has power to save and make bad men good.

If you would cheer the fallen and bring sunshine and gladness to hearts in gloom; if you would aid in dispelling the clouds that gather about and darken the lives of so many, then take by the hand and say to them, I am your brother and friend, look up and not down.

You can't make any better investment than to praise others; it will return the greatest interest, do you more good than it will

the other fellow. My brother go out tomorrow and praise somebody and see how happy you will be all the day. Plant the tree of praise and gather the fruit of happiness.

Every cold hearted grouch in Jacksonville should have heard Dr. Sears last night.

## CHURCH BUILDING PLANS ARE DELAYED

Salem Lutheran Church Building Plans are Temporarily Delayed Because of Increased Cost of Materials—Membership is Recruited.

The increased cost of all building materials has caused a temporary setback in the building plans of Salem Lutheran church. It was determined to enter upon the work of an additional canvass of the membership before proceeding with the erection of the new church building, as it was found that the original estimate was too small. The canvass is now about half completed and the solicitors are meeting with gratifying success. If the canvass results in the pledging of a sufficient sum, the building plans will be carried out as originally agreed upon.

The people of the church do not wish to incur a large indebtedness in the building of the new edifice, and it is for this reason that the effort is being made to secure the additional sum required. The original estimate was about \$30,000, but it has been found that this sum is too small by several thousand dollars.

The old church building will be used for services until such time as the new edifice is completed and ready for use. There will be special services at the church today, both morning and evening. The service at 10 o'clock this morning will be in German and the evening service at 7:30 o'clock will be in English.

WILL APPRECIATE YOUR VOTE For alderman 3rd ward, independent ticket. HARRY WELLS

## MYSTERIOUS STRANGER VISITS SEVERAL HOMES

A number of residents west of the city Wednesday night reported that a strange man had made attempts to enter a number of homes in that neighborhood. Sheriff W. H. Weatherford and Deputy Oyer Wright made a hasty trip to the neighborhood, which is about five miles west of the city on the Chapin road, but were unable to locate the mysterious person who caused the alarm.

The stranger first appeared at the home of Dr. P. H. Griggs, which is situated a considerable distance from the main highway. Dr. Griggs said the man knocked at the door and demanded entrance. This was refused and Dr. Griggs and his father-in-law, H. L. Troop, left the house by a rear door and made their way to the front of the house. The stranger said he had come to the house for help, but Dr. Griggs was suspicious and ordered him from the premises.

Another residence visited was that of James York, and it was reported that the man also went to the homes of J. E. Johnson and M. L. Watts. It is the belief of the people of the neighborhood that the man was seeking a chance to rob their homes, and they also believe that he had an automobile nearby to aid in his escape. He carried crutches but was able to walk without difficulty according to the testimony of those who saw him.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO. Phone 44.

## CALL MEETING ON C. P. & ST. L. SCHEDULE

Owing to the fact that the officials of the C. P. & St. L. railroad have announced that Train No. 35 will be discontinued on Sunday, April 16th, two days before the hearing before the Illinois Commerce Commission in Springfield, a call has been issued by the Waverly Commercial club asking representatives of cities along the road to attend a conference in Springfield today. All towns on the C. P. & St. L.

have been asked to send a representative to this preliminary conference and the Jacksonville Chamber of Commerce will send one to represent the city.

The hearing before the Illinois Commerce Commission was set for Tuesday, April 18th, at this time once called by the Waverly Commercial club, an effort will be made to avert this change in the schedule of the railroad, at least until the matter shall have been brought up before the state commission.

Dr. F. A. Norris was a professional caller in Girard yesterday.

## HOSPITAL BAND TO LEAD PARADE

Clean Up and Paint Up Parade Will Be Headed By Band From State Hospital.

At a meeting of the Clean Up and Paint Up committee held yesterday afternoon at the Chamber of Commerce rooms, it was announced that the band from the Jacksonville State Hospital has been secured to lead the parade of school children inaugurating the Clean Up and Paint Up Campaign Saturday morning.

E. H. Gray of the Jacksonville Railway and Light Company stated yesterday that they will make every effort to have the boulevard lights fire hydrants and other city property around the square given a coat of paint during the week.

The poster contest which has been conducted in the schools will be in the basement of the Ayers building this afternoon where the judges of the contest may see them and make the awards. Prizes totalling \$12.50 will be distributed by the Clean Up committee among the school children who have made the best posters.

The following letter has been authorized by the committee to be sent out to the business men in the city:

"Will you help us make the Clean Up and Paint Up Campaign a success?"

"The Campaign will open next week, April the seventeenth to the twentysecond. The Railway and Light Company is going to paint their poles in the business district, the City will paint the boulevard lamp posts and fire hydrants.

"You can help your business and the looks of the business district by painting your store front, touching up your signs and brightening up things in general. The cost of painting a store front is small, \$8 to \$10 for the average store.

"Help to brighten up Jacksonville.

## DENTAL CLINIC IS TO BE ESTABLISHED

Dr. A. B. Applebee Co-operates With Dr. E. L. Hill in Effort—Two Full Term Dentists to Be Appointed.

Thru the efforts of Dr. Alpha B. Applebee, District Dental Examiner, and the co-operation of Dr. E. L. Hill, superintendent of the State Hospital, the Veterans' Bureau have authorized the establishment of a Dental Clinic to provide for the care of the teeth and oral diseases of the ex-service men located here in Jacksonville. Dr. Applebee has been informed that two full-term dentists will be appointed for this work as the number of men sent here for treatment will be greatly increased upon the completion of the new Veterans' building being erected on the hospital grounds.

For the present, Dr. Hill has provided one entire wing with the best furnishings available for the boys so they may be entirely separate from the other patients, and the Dental Clinic will be located in one room of this wing.

It is the intention of the Veterans' Bureau to establish Sub-district officers in various parts of the District to facilitate handling the work, and better carry on the duties of the bureau. It is the hope of the American Legion that Jacksonville may be a Sub-district headquarters for counties immediately South and West of Morgan. This will assure the men under the care of the Veterans' Bureau prompt efficient service on all claims and questions pertaining to their welfare. At the present time, there are fifteen of these patients at Oak Lawn Sanatorium and over eighty at the State Hospital. Surely nothing should be left undone to aid the boys who gave up all in the great war and now are sick in mind and body.

### FIGURES ON RAINFALL IN GREENE COUNTY

Present Rainy Season Has no Duplicate in Annals of County According to R. B. Pearce.

WHITE HALL, April 11.—With the beginning of the present rainy season on March 1st last, farm operations have been out of business not the first semblance of plowing having been accomplished up to the present time, and there is no prospect for the ground to be in shape for plowing before late next week, by which time corn ground should be broken for corn planting by May 10th. There will be no oats this year in this section, and oats will be largely replaced by soy beans and other

legumes. The condition of winter wheat and of fruit remain excellent, as is also the condition of grasses.

The present rainy season has no duplicate in local meteorological annals. The total precipitation since March 1st is 12.88 inches of which amount 7.97 inches fell during March, a month with a normal rainfall of 2.47 inches at White Hall. April's normal is 3.66 inches, and so far during the present month the total has been 4.91 inches, divided as follows: 3rd, 0.21; 5th, .072; 7th, 0.26; 8th, 1.43; 9th, 0.73; 10th, 1.45; 11th, 0.47 inches.

During the past week the temperature average has been 66.7 degrees, the highest reading being 82 on the 9th and the lowest 49 on the 6th. Road conditions are horrible, even on the improved and oiled highways. All streams are out, and there is no traffic through the Apple Creek and the Macoupin creek bottoms, streams that have been reaching out for new records during the present rainy season.

The state of the Illinois river at Grand Pass (Pearl) today is 21 feet 5 inches, the highest since 1856, and heroic measures are beginning to be adopted to save the levees with the hurrying home of Louis. Lowenstein from a trip to Texas. The enlarged levees will perhaps be able to withstand 22 to 23 feet without high wind, but with the Illinois river still rising at Beardstown, already the scene of much flood havoc, the situation at Grand Pass is menacing. There are large acreages of winter wheat in the districts protected by the levee embankments along the Illinois river in Greene county, but no breaks have so far occurred. The records of high water at Grand Pass are as follows:

1844—26 feet, 1 inch.  
1856—25 feet, 5 inches.  
1883—20 feet, 5 inches.  
1892—20 feet, 5 inches.  
1897—18 feet, 4 inches.  
1903—20 feet, 6 inches.  
1904—19 feet, 4 inches.  
1913—20 feet, 10 inches.  
1915—20 feet, 7 inches.  
1916—20 feet.  
1922—21 feet, 5 inches (rising.)

The lowest stage at Grand Pass since the dams were constructed in the Illinois river is 4 feet, 7 inches. In 1844 and 1858 stages were reckoned from marks on trees following the construction of the C. & A. railroad bridge in 1871, it being constructed in 1883, since which time the gauge has been maintained on the railroad bridge, and the system of reading in feet and inches is the only one in vogue along the Illinois river. Other stations read in feet and hundredths, rendering the Pearl gauge somewhat confusing, but it is believed that the ranking official of the C. & A. now located at Roodhouse will be quick to see the wisdom of having his company take up the subject through the proper government channels in replacing the present antiquated gauge.

### MURRAYVILLE CLUB MEETS WEDNESDAY

Domestic Science Club Entertained By Mrs. Mary E. Wright—Interesting Program Presented.

Murrayville, April 12.—Mrs. Mary E. Wright was hostess to the members of the Domestic Science club Wednesday afternoon. Fifteen members were present and Miss Atkinson was a guest of the club.

The program opened in the usual manner with the repeating of the club prayer. This was followed by the business session. Mrs. E. T. Doyle sang "The Holy City" in her usual sweet and charming manner. Miss Mildred Wright, her sister served as accompanist.

Roll call was responded to with "What Being a Club Member Means to Me." It brought forth many interesting replies.

Two papers were presented during the afternoon. One by Mrs. J. L. Solomon on "The Weight of Individuality." This was discussed in a pleasing and instructive manner.

Mrs. William Wade read an excellently prepared paper on "The Value of a Woman's Club to a Community and the Value of a Member to Her Club." Some excellent points were brought out by Mrs. Wade. Among them the fact that many of the reforms of the present day are brought about by Woman's clubs. It also was emphasized that all Woman's clubs are active in educational work.

Following the program the hostess demonstrated cream pie, coffee and fancy candies suggestive of the Easter season. The next meeting will be held in the Domestic Science room of the High school.

## When

you repair your car without regrounding the cylinders (which makes them round and true) you overlook the first and most important step in making your old car run as it should.

Because you know when an automobile comes from the factory the engine has true round cylinders. You also know as soon as you run your car wear takes place in the cylinders.

Unfortunately the wear is not uniform in the cylinders and they wear "out of round."

Hence the necessity to again round them up before new pistons can be installed successfully.

#### Obituary

After an illness of short duration, Henry Schaefer, a prominent and highly respected citizen of this community died at his home in Meredosia, Ill., Monday April 10.

Henry Schaefer, son of Henry and Elizabeth Schaefer, was born in Lunda, Oberhesse, Germany, July 4, 1843. In 1865 he crossed the waters to this country spending some time at Burlington, Iowa, then at Dallas, Iowa, and afterwards at Beardstown, Illinois, from there he came to Meredosia. As a young man he learned the cabinet maker's trade. For over 31 years he has conducted an undertaking and furniture store in Meredosia. Because of his honesty as a business man he had many friends among his business associates.

The departed was united in marriage to Maria E. Tieman, January 2, 1873. To this union nine children were born, four of whom died in infancy or early childhood. His wife preceded him in death, Oct. 21, 1908. Father Schaefer had the affection of his children because of his devotion to his home and family. He will be greatly missed from the family circle.

He was a member of Masonic order at Meredosia. When fourteen years old he united with the Lutheran church in Germany by confirmation. Since living in Meredosia he has been identified with St. John's Lutheran church. For many years he served as officer in the church and always took an active interest in its welfare. No man enjoyed a wider acquaintanceship in this community than did Mr. Schaefer. Always cheerful and of a helpful disposition, he won many friends. For some months his health had been failing but his condition did not become alarming until about a week ago. Bronchial pneumonia together with the infirmities of old age finally overcame him and he passed away Monday morning, April 10. His children were all at his bedside when the end came.

He leaves to mourn his departure, four daughters, Mrs. F. J. Unland, Mrs. H. D. Berger, Mrs. G. M. Stienberg and son Edward H., all of Meredosia, also seven grandchildren and one great grandchild.

### FARM BUREAU NOTES

Farm Bureau Community Meeting at Lynnvill.—The program of community meetings planned by the Farm Bureau were broken into by the bad weather and roads. The township chairmen are now arranging for these whenever an opportunity affords. The spirit of the township chairmen in carrying on the service survey is very commendable. Fred J. Schofield has arranged for a meeting in Lynnvill Christian Church at 1:30 P. M. Friday, April 14th. An especial invitation is extended to the members living in township 14-11 and the south part of township 15-11. In fact the latch string hangs out to any farm bureau member. The meeting will be entirely in charge of local men.

Claims Settlement.—The Transportation Department of the I. A. A. recently secured the settlement of claims for J. P. Doan of Jacksonville and S. H. Crum of Litterberry. The first amount was \$39 for potatoes frozen while in transportation, the second for \$400 for amounts that died in transit. Although the amounts received were not the full amounts of the claims, they are perhaps better than ordinarily received from transportation companies. The claims were filed thru the Farm Bureau Office.

David Prince Pupils Interested in Club Work.—Miss White, principal of the David Prince school, presented the matter of club work as requested in a recent letter from the Farm Bureau Office. The letter met with a fine response. Fifty nine pupils expressed an interest in flower, strawberry, dairy calf, melon, corn, poultry and pig clubs. An effort will be made to get these enrolled at an early date, and actively interested in the line for which a preference has been expressed.

#### CLEAN UP WEEK

CAMPAIGN IN BEHALF OF BOYS

CHICAGO, ILL.—A campaign to "interest everyone in boys and to interest boys in themselves" will be conducted here in the observance of Boys' Week, May 19-25. It is designed to arouse Chicago to the need of safeguarding its boys against the perils of modern social conditions, according to the committee on arrangements and "to impress upon Chicago the magnitude of the boy problem."

Each agency working for boys, it is announced will have an opportunity to emphasize boys' needs, but in "a drive for publicity, not for funds." The boys' work organizations of Chicago, co-operating with the boys' work committee of the Rotary Club of Chicago and city and school officials, have outlined a program for the week.

The program as proposed will include a boys' day parade, with schools and organizations participating; indoor and outdoor athletic meets at playgrounds and parks; special assemblies in schools, factories and shops and free entertainments by boy talent.

Boys' needs are enumerated by the committee as follows: More thought and interest on the part of adults; more enthusiasm for education; more support for schools; more training for industry; more emphasis on health; more attention to safety measures; more organized play; more activities of character building nature.

ARGENTINE POLICE LOOK FOR SWINDLER

Man is Said to Have Been Trying to Get Assistance From Residents of United States.

BUENOS AIRES.—The Argentine police, at the instance of the United States Consulate, are searching for an Argentine using the name of Gustavo David Lacaze, who, they say, has been trying to induce well-to-do residents of the United States to aid him financially.

The consulate has turned over to the police statements asserting that "Lacaze" wrote letters to persons in New York, St. Louis, Milwaukee, Indianapolis and other cities offering them one third of a fortune of \$480,000, of which he said \$280,000 was on deposit in the United States, in return for aiding him to recover the money and providing for his daughter attending an Argentine college. The balance of the money was in Brazil.

He is understood to have represented himself as banker of Rosario serving a jail sentence after conviction of fraudulent bankruptcy and to have said that the documents by which his fortune could be recovered were in a secret pocket of a hand-bag in the possession of the court which could be redeemed by the payment of expenses of the trial and the fine which had been imposed upon him.

He asked the recipients to communicate by cable with his agent at Buenos Aires and, meanwhile, to guard his secret. The letter was written in fairly good English.

Nearly a score of letters and cables from the United States inquiring about Lacaze have since been received by the consulate, one from a New Yorker who had first communicated by cable with "Lacaze's agent" for details and corroboration of Lacaze's story, and received a reply containing what purported to be court documents showing Lacaze's arrest, trial and sentence.

The New Yorker, apparently convinced, thereupon sent the documents on to the consulate, requesting Consul General Robertson to do all possible for Lacaze, send his daughter to New York and draw upon him for the expenses.

The consulate was told by the Argentine authorities that no such man as Lacaze is in jail, that the court documents are clever forgeries and that this scheme has been used so many times in years past to swindle Argentines, that it was supposed to be quite out of date. The agent has disappeared from the address given in Lacaze's letters.

Bunched Hits off of Hodge in the Third—Ellerbe Pulls a Merkle But it is Not Costly.

CHICAGO, April 13.—St. Louis made it 2 straights from Chicago today by bunching hits and winning 4 to 2. Danforth was wild but pitched effectively in the pinches.

Failure of Ellerbe to touch second base cost the Browns two runs and deprived Sisler of a hit in the fifth which Strunk fielded and tossed to Johnson who touched second for the force out after two runners had crossed the plate. The play retired the side.

LIBRARY GIVES MUCH SERVICE DURING MARCH

Miss Josephine Cooper Makes Report of Month's Work to Board Yesterday.

The board of directors of the Jacksonville Public Library met in regular session yesterday afternoon at the library. The reports given by the acting librarian, Miss Josephine Cooper showed that during the month of March there had been an unusual amount of work accomplished and the circulation of the library was larger than in March of last year.

Mrs. Nathalie Scribner head of the children's department is doing good work in the schools and in the juvenile department of the library. Story hour talks given at the library have been well attended and the reports of this department show an increasing interest among the children of the city. The circulation in the schools is larger than it has been and the scope of the library is widening.

In the adult department the reference work for the colleges and schools is especially heavy at this time. Miss Cooper, with a group of assistants in this department are giving good service and the reference work, as well as the circulation has increased materially. Clubs and students in the county are also using the library.

by means of the mails and a wider circulation is thus secured in the community.

The following statistical report given by Miss Cooper yesterday shows the circulation during the past month:

The statistics in registration show an increase as well as in circulation. Seventy people got cards to draw books in the adult department; 26 in the children's room, 26 rural; total cards issued 122.

The adults read 851 books; the children drew 2115 from the library, 5 were read at the Passavant Hospital, while 2490 were drawn from the school's station making the total circulation 10,596. The gain over February was 1264. The gain over March of last year is the most noticeable feature of the report. The adults read 1337 more books this March than they did last year; the little folks read 919 more and the work with the schools has increased 1332 more than last year. The total increase over March of last year is 3584, which is a very creditable gain and should show the taxpayers what the local institution is doing.

### SHARP ADVANCE IN PRICE OF WHEAT

By Associated Press.  
CHICAGO, April 13.—Big export business helped bring about a sharp advance today in the price of wheat. The market closed strong, 2 1/2c to 2 3/4c net higher with May \$1.33 1/2 to \$1.34 and July \$1.25 1/2 to \$1.26 1/2. Corn gained 1/4c to 1/2c and oats 1/4c to 1/2c to 5c.

In provisions the outcome was unchanged to 1/4c lower. European purchases of wheat today were estimated at 1,500,000 bushels including 1,000,000 bushels of new wheat. The fact that tomorrow would be a holiday with all grain exchanges foreign and domestic remaining closed, was a further influence toward an upward move in the market inasmuch as many speculators who had been on the selling side were apparently not willing to take the risk of possible surprise developments before Monday with only a brief time on Saturday for any needed protection obtainable thru buying.

Reports of thousands of acres of wheat drowned out by floods in the midwest, were given much attention among traders and as a result a number of unfavorable crop advices from some sections of the southwest, especially the western third of Kansas. Higher quotations at Liverpool counted also as a stimulus to buyers notably so during the initial dealings here.

Action of the corn market and the oats market showed sympathy with the wheat advance. Cash demand for the feed grains proved slow.

Swingturns in the value of hogs had a depressing effect on provision values.

### HEAVY SELLING ON STOCK EXCHANGE

By Associated Press.  
NEW YORK, April 13.—Business on the stock exchange today passed the million share line for the tenth consecutive full session but failed by a liberal margin to reach the more impressive dimensions of recent days.

Tomorrow's recess (Good Friday) prompted additional selling to insure profits. This tendency was most manifest in the more representative steels, equipments, motors and foreign oils.

Rails were favored to a greater degree than any previous session of the week. Sales amounted to 1,350,000 shares.

Again eliminating the coal strike which threatened to become an adverse factor of increasing importance, the day's general news was distinctly encouraging. Before the opening, cables announced the cut in the Bank of England discount rate to the lowest level since July, 1914.

This evidence of international monetary ease was followed by further relaxation of rates at this center. Call loans opened at four per cent, that figure applying to renewals into next week.

MANY ALTON MEN LONG WITH ROAD

Roster at Recent Dinner Indicated Unusual Record of Service.

The traffic representatives of the Chicago & Alton Railroad recently tendered Harry K. McEvoy at the Union League Club, a complimentary farewell dinner and presented him with a magnificent traveling outfit. The occasion marked Mr. Evoy's leaving the service of the passenger traffic department of the Alton road and engaging in other business after over twenty-five years of ery loyal work for the Alton company. The banquet was unique from the standpoint of the length of time which the large majority of those present had served the Alton company, particularly those con-

nected with the passenger traffic department. At the speakers' table were the following: Wm. Owen, district Passenger Agent, Milwaukee, 37 years of continuous service. Chas. R. Murray, District Passenger Agent, Detroit, 36 years of continuous service. Frank Bowman, General Eastern Agent, New York, 36 years of continuous service. L. D. Cooper, District Passenger Agent, Passenger Department, St. Louis, who acted as toastmaster at the banquet, 30 years continuous service. John E. Fish, Division passenger Agent, Mexico, 29 years continuous service. W. J. Alexander, General Baggage, Mail and Express agent, 28 years continuous service. Harry K. McEvoy, General Agent Passenger Department, Chicago, who is leaving the Alton

people to take service with the Boomer hotel interests, in whose honor the banquet was given, 26 years continuous service. Roy Pearce, who succeeds Mr. McEvoy as General Agent Passenger Department, Chicago, 20 years continuous service. There were 52 representatives of the traffic department present, representing both of the freight and passenger interests, and there were very few men amongst the entire number, particularly those in official positions, who had been with the company less than fifteen years. Passenger Traffic Manager Charlton, who perhaps is a veteran in term of service, has been with the Alton company over 45 years. General Passenger Agent Abel, who was also present, has served the Alton company 33 years. There are few railroads in the central western country whose official employees in all departments have served their company as long and continuously and efficiently as those connected with the traffic department of the Alton road.

HOW THE EASTER LILY IS GROWN

Bulbs Come From Japan—Takes Five Years to Produce the Lily.

Perhaps no one flower holds so much of peace, joy and beauty and sentiment for the people of the world than does the Easter lily. Universal in its appeal this beautiful creation of white loveliness makes its appearance all over the world at this time of the year, bringing with it the message of hope and immortality, the message of Our Risen Lord. Probably few people know that the lily which greets them on Easter morning has for five years been nourished and cultivated in preparation for this hour. The Easter lily is grown in Japan. It starts as a small bulb or seed and is transplanted each year until it is ready for the market. The bulbs are grown in huge fields in Japan and it requires from three to five years for them to mature. Each year the American Bulb company, from whom the firm of Joseph Heint and Sons of this city secure their bulbs, sends Mr. A. Miller to Japan to make the annual purchases and see that the bulbs are properly cleaned and graded, before being shipped to America. This is done in order to get bulbs that are free from disease. They are then frozen and put in cold storage until the time they reach the local greenhouse.

In the fall of the year the bulbs are planted in pots and put in a dark place until they have grown to a height of about 6 inches. They are then brought to light and the period of vigilance begins. The success or failure of the lilies depends on the way in which they are tended during the five months before Easter. It is planned to have them bloom the Saturday before Easter and in order to accomplish this it is necessary to watch the plant very closely. If it is found that the temperature of the greenhouse is too warm the plants must be put in a room where it is colder. If on the other hand the plants are not maturing rapidly enough they are brought out into the warmer rooms. The Heint Greenhouse grows about 1,000 lilies each year and this fact alone gives an idea of the vast amount of work and vigilance which is necessary to produce beautiful lilies at exactly the right time. Mr. Heint in speaking of the plants yesterday said that every thing depends on the treatment which the bulbs receive during the few months before Easter. If the temperature of the greenhouse is too warm the lilies will mature too soon and the crop will be a failure because people want Easter lilies on Easter and not a number of days before. Failure likewise results if the temperature is too low for this means that the plants do not mature in time. Years of experience in the growing of lilies has enabled the Heint greenhouse to produce some of the most beautiful plants on the market and local florists have learned the secret of holding back each plant or hastening it forward so that it will open in full radiance, not a day too late, not a day too soon, but exactly on Easter Morn.

When your Easter lily arrives on Sunday, this story of the little bulb which began life five years ago on the far off isles of Japan, and journeyed over the Pacific to America where it was tenderly nurtured in a greenhouse until the day destined for its blooming—this story may come to you and you will realize the Romance of Your Easter Lily.

HEMBROUGH FUNERAL IS HELD THURSDAY

Funeral Services in Memory of Late Frederick E. Hembrough Held Thursday Afternoon at Reynolds Chapel.

Funeral services for the late Frederick E. Hembrough were held at 2:30 o'clock Thursday afternoon at the Reynolds chapel. There was a large gathering of the relatives and friends of the deceased, who was widely known thruout Morgan county. The services were in charge of Rev. G. W. Randle, pastor of Brooklyn M. E. church, and Rev. W. H. Marbach, pastor of State Street Presbyterian church.

Miss Katherine Barr, with Willard Wesner as accompanist, sang as the opening number "Asleep in Jesus." Rev. Mr. Randle read as the scripture lesson the 23rd Psalm and a chapter from Romans. Following a prayer by Rev. Mr. Marbach, the obituary sketch was read by Rev. Mr. Randle, who also made brief remarks, based upon the 23rd Psalm.

Rev. Mr. Marbach also spoke briefly, taking as his theme "The Eternal God is Our Home and Underneath are the Everlasting Arms." At the close of the minister's remarks prayer was offered by Rev. Mr. Randle and Miss Barr then sang "God Be With You Till We Meet Again." The service closed with the benediction by Rev. Mr. Marbach.

Interment is to be made at a date in the future. Frederick E. Hembrough was born Dec. 14, 1872, the son of Thomas and Eliza Jane Hembrough, who resided southeast of the city. The deceased spent his entire life in the community in which he was born with the exception of the past nine years, during which time the family home has been at 1503 Mound Avenue. It was on November 21, 1894 that the deceased was united in marriage to Miss Ella Trabue Reynolds, daughter of Thomas C. and Caroline Reynolds. To this union was born one son, Wallace Trabue Hembrough. Surviving are the widow and son, one grandson, Wallace Trabue Hembrough, Jr., one sister, Mrs. E. J. Reynolds, and five brothers, William H. James, John and Thomas Hem-

brough, all of Jacksonville, and Charles Hembrough of Kansas. Mr. Hembrough engaged in farming operations and as years passed came to be known as one of the county's most prosperous and substantial residents. He was a man of high ideals and his life was one which could be called an exemplary one.

CONCORD RESIDENT CELEBRATES BIRTHDAY

C. O. Bayliss Celebrates Thirty-Sixth Birthday Recently — Other News of Interest From Concord.

Concord, Ill., April 12.—April 1th was the 36th birthday anniversary of C. O. Bayliss of Concord. His sister Mrs. Adella Cooper and his aunt Caroline Johnson of Chapin came over, muddily as the roads were to help him celebrate. An interesting fact concerning his birthdays is that his aunt Carrie drove to the Bayless farm near Hopewell school 35 years ago and took Charlie home with her to celebrate his birthday and he has never failed to eat his birthday cake with her ever since. In her home or his own. This is a fine record and will be unbroken so long as possible. Charlie also celebrated the day by clerking at the polls during the day.

The Ladies' Aid of the Christian church will serve their annual Easter supper in their banquet hall on Saturday evening, and in connection with the supper will give an indoor carnival. A liberal patronage is anticipated.
